WHAT A RESULT!

The Open Negotiation is OVER and an amazing outcome has been achieved!
Massive enquiry multiple bidders and a fantastic outcome!

This was the RETRO buy of the year! Built, lived in and loved by one migrant Italian family the cherished memories will go with them and new ones created by the new owners

With an 'aura' all of its own it is also a very deceptive looking property that is surprisingly spacious inside. 3 large bedrooms, a generous lounge with stunning floor right through to the kitchen dining that make this a true EAST FREMANTLE classic!

The location in this unpretentious precinct just PERFECT for lifestyle, schooling, socialising, beach going or just walking into Fremantle.

This is a 'moment in time' to remember or regret!

IT'S GONE!
